POWER | CLIMATE | AIR | SAFETY

ABOUT US

Apeiron Energy is a value added integrated solutions provider of innovative equipment solutions. Apeiron designs, manufactures, and distributes global brands in North America: US & Canada.

Apeiron supplies EPA, UL & CSA compliant rental ready solutions for Power | Climate | Air | Safety equipment, including but not limited to AC & DC prime power generators, dual phase heaters, mobile air compressors, safety lighting and lightning protection systems to name a few.

Our Power, Climate, Air & Safety solutions bring value to diverse market segments, including; Rental, Telecom, Oil & Gas, Construction, Disaster Response, Military, Mining, Agri & Aquaculture, Remote Communities & Dewatering.

Apeiron is committed to providing solutions at the pinnacle of quality & efficiency. We are also a leading financier of innovative solutions, extending value through our Apeiron Managed Care Leasing® programs, which can include installation, maintenance, remote management, parts & product support as well as extended warranties, fueling and other packages that lower the total cost of operations and ownership.

In all our endeavors, Apeiron seeks to take leadership through innovation, creating new value in our solutions, working harmoniously with our customers, suppliers, partners and our greatest asset, our diverse & global employees.

Innovative & High Quality

Industry-leading, innovative equipment provider. Apeiron is proud to offer services and solutions that demonstrate the pinnacle of quality and efficiency.

Certified & Convenient Solutions

We supply EPA-tier compliant and rental-ready products and systems that are tailored to your industry's unique needs.

Tailored Equipment Expertise

We will always choose expert-engineered equipment combined with Apeiron Energy know-how and support.

Efficient & Cost-Effective

Supply versatile solutions that operate more efficiently and conserve significantly more energy than traditional products.

APEIRON'S AIR SOLUTIONS COMPRESSORS

Complete Compressed Air Solutions

APEIRON air compressors are able to serve a multitude of industries with reliable, clean compressed air to assist your businesses processes. With so much of industry relying on the invaluable functionality of compressed air, it became essential to optimize build quality and efficiency to better guarantee productivity. The air compressors we've derived have been field-tested to ensure that they're reliable and able to perform optimally in even the most demanding applications. Using data from test sites and partners our compressors have now been extensively refined to ensure around-the-clock functioning in even the most demanding work environments.

The Industries We Serve:

- Oil and Gas – APEIRON air compressors can be used for both on shore and offshore applications. The durable construction of the enclosure has been designed so that the units can be used almost anywhere and under nearly every type of environmental stress.
- Mining – High build quality and easy operation make these compressors fit for use in all subterranean extraction scenarios, remote or near. Both our high and medium-pressure compressors are equipped and licensed for use in any part of the world.
- Construction – APEIRON compressors are also stationed in innumerable powerplants and used by many construction companies. While the range of compressors meets a variety of changing needs, the volume and pressure of each compressor is also adjustable and can be changed to suit special requirements.

Our air compressors guarantee incredibly efficient and reliable air, and our customers find great utility in their compact design which allows easy installation and relocation.

Complete compressed Air Solutions to suit your requirements

- OIL LUBRICATED AIR COMPRESSORS
- OIL FREE AIR COMPRESSORS
- AB SERIES OIL FREE SCREW AIR COMPRESSORS
- PORTABLE COMPRESSORS
- AIR ACCESSORIES

D90KA ULTRA SILENT PORTABLE DIESEL AIR COMPRESSOR

Features & Benefits

- Kubota D1105-E3B Tier 4 Final diesel engine provides reliable, smooth and efficient power
- Five Year, Unlimited Hour Air-End Warranty
- Provides 100 psi, the same as an 185 cfm
- Operates one 90lb hammer or two 60lb hammers, the same as a 185cfm
- More fuel efficient, burns less than an 185cfm
- Curbside Mounted Control Panel and keyless start provide convenient operation and maximum operator safety
- Automatic Glow Plug System for easy starts in cold weather
- Open-Canopy Design and Spin-On Compressor Oil Filters for ease of maintenance
- Minimum Pressure Check Valve on air outputs prevents back-feeding of solids or liquids
- Weighing in at 1215 lbs. allows towing with almost any vehicle

D185T4F ULTRA SILENT PORTABLE DIESEL AIR COMPRESSOR

Features & Benefits

- New Kohler KDI1908TCR Tier 4 Final Diesel Engine provides quiet and efficient power while not requiring a costly DPF System
- Three Year Kohler Warranty and a Five Year, Unlimited Hour Air-End Warranty
- Open-Canopy Design with Spin-On Oil and Separator Filters for ease of maintenance
- Low-Speed Air-End spins at a maximum of 2600 rpm, reducing heat and virtually eliminating rotor and bearing failures
- Curbside Mounted Control Panel and Adjacent Air Valves provide convenient operation and maximum operator safety
- 23.25 Gallon Steel Fuel Tank provides for more than a full shift of run time and resists cracking, splitting and deformation
- Formed Steel Flex-Edge Fenders ensure ultimate strength, durability and resilience
- Automatic load and unload feature prevents accidental loaded shutdown and blowback

D300T4F ULTRA SILENT PORTABLE DIESEL AIR COMPRESSOR

Features & Benefits

- New Kohler KDI2504-TCR Tier 4 Final Diesel Engine provides smooth, quiet and economical operation without a DPF System
- Three Year Kohler and a Five Year, Unlimited Hour Air-End Warranty provide peace of mind
- Low-Speed, Direct Drive Air-End spins at a maximum of 2600 rpm, reducing heat and virtually eliminating bearing failures
- Curbside Mounted Control Panel provides convenient operation and maximum operator safety
- Automatic load and unload feature prevents accidental loaded shutdown and blowback
- Galvanized Flex-Edge Fenders ensure ultimate strength, durability and resilience
- 28.6 Gallon Steel Fuel Tank provides for more than a full shift of run time and resists cracking, splitting and deformation

D425T4F ULTRA SILENT PORTABLE DIESEL AIR COMPRESSOR

Features & Benefits

- Cummins QSF 3.8 Tier 4 Final Diesel Engine provides smooth, quiet and economical operation without a DPF System
- Five Year, Unlimited Hour Air-End Warranty provide peace of mind
- Rear Mounted Electronic Control Panel provides convenient operation and maximum operator safety
- Three 3/4" Outlets and One 2" Outlet located on the rear near the control panel allows for complete control from one location
- Galvanized Flex-Edge Fenders ensure ultimate strength, durability and resilience
- 52.8 Gallon Steel Fuel Tank provides for more than a full shift of run time at full load and resists cracking, splitting and deformation
- Large Double Door on both sides allows for unparalleled access for routine maintenance

DS185T4F ULTRA SILENT PORTABLE DIESEL AIR COMPRESSOR

Features & Benefits

- New Kohler KDI1908TCR Tier 4 Final Diesel Engine provides quiet and efficient power while not requiring a costly DPF System
- Three Year Kohler Warranty and a Five Year, Unlimited Hour
- Air-End Warranty
- One-Side Service Design with Spin-On Oil and Separator Filters for ease of maintenance
- Low-Speed Air-End spins at a maximum of 2600 rpm, reducing heat and virtually eliminating rotor and bearing failures
- Curbside Mounted Control Panel, Adjacent Air Valves and Fluid Drains provide convenient operation and maximum operator safety
- 23.25 Gallon Steel Fuel Tank provides for more than a full shift of run time and resists cracking, splitting and deformation
- Automatic load and unload feature prevents accidental loaded shutdown and blowback
- Industry leading compact design measures only 69" x 33" x 43"

APEIRON PROGRAMS

Apeiron Sales Channel Partner

- Qualified channel partners will both purchase & promote our components or our whole assemblies to market as branded, co-branded or private labelled products.
- Apeiron will have the ability to utilize channel partner's unique value add, including to scale manufacturing and distribution of products across our range of solutions & markets, as preferred product.

Apeiron Allied Vendor Programs

- Qualified prospects will have an existing network; Co-op, distribution, dealer or franchisee network, whereby our products are made accessible to their respective network.
- Allied Vendor Programs usually dovetail to another manufacturer or distributor's strategies and programs, wherein Apeiron products are co-branded or private labelled.
- Minimum quantities are allocated to each product & market segment.

Apeiron Integrated Solution Partner

- Qualified partners will incorporate our products & technologies into their integrated solution as complete assemblies.
- Integrated solution must add differentiated value add for specific applications & market segments.
- Apeiron's brand will remain on our product, and integrated solution will be co-branded where & as needed.
- Partner is exclusive to territory, market segment and or relationship to avoid channel conflicts.
- Apeiron may finance the integrated solution.

Apeiron Independent Service Provider

Apeiron is developing an Independent Service Provider Network by hiring proven technical resources, including field engineers, certified technicians for service & support for its Power | Climate | Air | Safety solutions across myriad applications
